## Well Showing Good

The Simmard Len Kueppen well on the northeast corner of the northwest of 17-18-8 is shut down at 8 feet. The gas well is in the Bartlesville sand, the top of which was found at 2,126 feet, and is showing fine. The hole filled up 20 feet in 20 minutes.

## Cosden Man Is Tennis Champion

W. F. Luther of the land department of the Cosden Oil & Gas Co. of Fort Worth, better known by the fraternity as "Bill," is the men's champion in the Fort Worth city tournaments. Luther defeated all comers last Saturday afternoon, winning all three sets. He had to give up his set and doubles after winning the singles he was asked if he expected to win the doubles, and his answer was, "I certainly will as I have to have a living up for each of my girls." Bill is the proud father of twin girls about a year old.

## Good Well in Tennessee

Reports from the oil fields in Tennessee near Nashville state that the well near Cumberland Furnace went to a depth of 1,150 feet. A definite report has not been given out, but the only statement made being that a tobacco sack of the well under pressure contained a spoonful of oil. The structure running through here to wells will be drilled. The Tulsa Oil company will drill in Dixon county, the Tenn.-Okla. company in Robertson, and the Humphreys Oil & Gas company in Humpreys, all of which are managed by C. W. Denning. —The Oil World.

## To Drill Deep Tests

CLAREMORE, May 23.—The Cosden Oil company (Johnson and others) will drill one or more deep tests on its property some six miles due east of Claremore on which are twenty producing wells, oil and gas completed several years ago. There is every reason to believe that a rich pay will be found in a break in the thin limestone as is being done in Tulsa, Okmulgee and other districts in Oklahoma at the present time. This will be the first deep test east of Claremore and it will mean much to that territory in the event a pay is found in the time.

## Livingston Oil Corporation Increases Capital

The Livingston Oil corporation has increased its capital from \$1,000,000 to \$2,000,000, and will be put on the New York curb on June 2. The officers of the new corporation are J. K. Livingston, president; Herman Livingston, secretary and treasurer; and P. M. Iverson, vice-president. The board of directors is

Fell in the Ocean.

Kick in, old man with that \$10 to \$100 on that old Cat Texas well. Don't do unless you are able to. It's not really in a good bet. Might make a million. Cry babies can't lose, therefore they never win. Play the acreage or play the well. Oklahoma State Development Association, basement Cosden Bldg., Tulsa. —Adv.

We have a limited amount of direct drilling acreage. Interests in well now drilling in the Youngstown pool, also, adjoining acreage. All priced right. For location and further information call or phone 4323, room 11 Turner building. —Adv.

Omer K. Benedict, dealing in oil leases, can be reached in care of the Regal Oil company, 100 N. Main, Brady Bldg., San Antonio, Texas. He wishes to announce that he will gladly answer all inquiries pertaining to oil leases in southwest Texas. —Adv.

Production snap—One producing 1,000 barrels oil in tanks connected to pipe line. Butler county, Kansas. Quick sale \$20,000. Have large acreage in Texas and Oklahoma to give for test well. Mitchell & McLaughlin, Oxford Hotel, Adv.

WANTED—Producing properties and lease in leases in the shallow south of Oklahoma and Kansas. Description and full details furnished. Fuller & Mowers, 222 Mayo Bldg., Tel. 4576. —Adv.

Eighty Acres.

Lease in Shackelford county, Texas, near Sinclair deep test, \$15 per acre. Address P. O. Box 129. —Adv.

Acreage in the Big Elk City Gas Field

I can offer gas rights on 160 acres, either for cash or on a drilling proposition. The sand at about 1,400 feet. Cost of drilling \$175, including fuel and water.

ADDRESS  
J. C. RODGERS  
Citizens Bank Bldg.  
INDEPENDENCE, KAN.
